

## BHC CONNECT

The Intersection of Technology  
& Service for Hospice

*Efficient order management leading to faster admissions and better patient satisfaction.*

As a premier provider of medical equipment for hospice organizations, BHC has developed a proprietary application that is easy to use and provides intuitive solutions for our Hospice partners.

Derived from the feedback and recommendations of hospice staff, **BHC Connect** allows your program to take control of how medical equipment services are provided to your patients.

**HIPPA  
COMPLIANT**

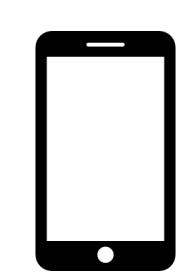

- + HTTPS/TLS encryption
- + Hosted on a secure, private cloud
- + Automated patient data integration through HL7 data transfer
- + Control access through user roles
- + Auto-log out after inactivity
